## PERMIT REQUIREMENTS AND PROCEDURES

1. Any contractor or other person placing a refuse dumpster, trailer, or other vehicle or structure on public property shall apply for a Dumpster/Container/Trailer permit at the Engineering Department located in the Intergovernmental Center, and shall display said permit in clear view on or near the permitted vehicles or structures. Applicants may also download the online permit application and submit to the Engineering Department.
2. Dumpster/containers/trailers shall be provided with reflective red and white tape diagonally striped 6" in width and 24" in length (minimum) to be located at each corner on the top side of dumpster, container, or trailer.
3. Dumpsters must be clearly marked with the name and telephone number of the waste management company. Trailers must be clearly marked with the name and telephone number of the construction firm.
4. Permittee is required to keep this permit displayed along with other construction permits at all times.
5. Permittee is responsible for the protection of paved surfaces when loading and unloading operations of dumpster/container/trailer. Three-quarter-inch (3/4") plywood is required under runners if placed on pavement. Permittee will be held liable for any roadway or sidewalk damage caused by placement of dumpster/container/trailer.
6. No dumpster/container/trailer will be permitted on the sidewalk or boulevard area. Only upon special provisions will the use of the sidewalks and boulevards be permitted. Under these situations, Permittee will be required to protect the integrity of the sidewalk, boulevard, curb and gutter.
7. Dumpsters/containers shall be covered when not in use if the material inside is easily airborne, poses a hazard, gives off odors, or is otherwise offensive.
8. No degradable materials shall be placed in dumpsters/containers.
9. Dumping materials into the dumpster/container from higher elevations requires a covered chute to minimize dust.
10. Applicant is responsible for debris/snow removal in the area around the dumpster/container/trailer within the right-of-way. **SNOW EMERGENCIES:** If a snow emergency is declared, the applicant is responsible for removing all snow within 30 feet of the dumpster/container/trailer, including any snow windrows created by snow plows, within 8 hours of the snow emergency going into effect. **Snow not removed within the 8 hours will be removed by city forces at the applicant's expense.**
11. The dumpster/container/trailer must be placed at least 50 feet from any intersection.
12. If for any reason the dumpster/container/trailer must be moved, it is the responsibility of the applicant to relocate the dumpster/container/trailer at no cost to the city.
13. Containers, dumpsters, trailers will be required to be removed immediately if requirements of permit are not complied with.
14. The applicant shall abide and follow Nuisance Abatement City Code number 9.77
15. Permittee assumes all liability and holds the city harmless against all claims, damages, suits, penalties, fines, and liability for injury or death to persons or loss or damage to property related to the placement of a dumpster/container/trailer in the city right-of-way.

### SITE REQUIREMENTS
